Introduction

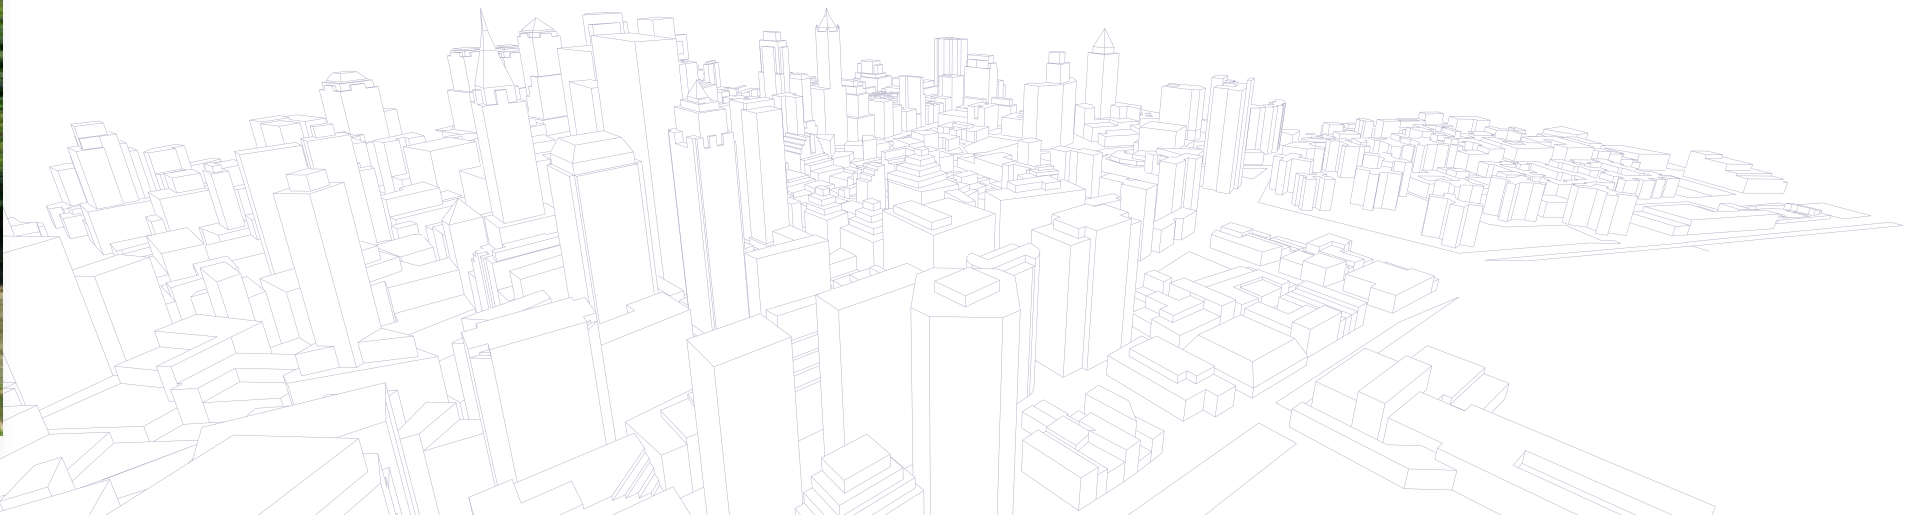

Bulkon Builders Ltd is a General Building Construction Company, based in Mombasa, Kenya. We are highly specialized contractors with over 35 years of building and civil industry experience.

We operate an integrated business model, offering our clients Professional Building Construction Services, Design & Build Services and Efficient project management. Bulkon Builders Ltd provides excellence in a wide range of commercial, residential, industrial/ civil, refurbishment and fit-out projects across Kenya.

The company has earned recognition for its vast portfolio of projects, most of which are landmarks and popular establishments, for reputable clients and leading consultant firms.

At Bulkon, we engage our planning and management skills to deliver the highest standards in construction, embracing new technology and striving to bring innovative and unique ideas on all our projects.

Our Senior Management comprises Directors Mr. Giles Bhimji, Mr. Nilesh Bhimji, Mr. Hitesh Bhudia and Projects Manager Mr. Aayush Bhudia.

Our Mission

We are dedicated to providing quality construction and technical services to our clients. We strive to implement and maintain long-term relationships based on quality assurance, service delivery and safety.

Our Vision

We are a family-owned company committed to being the contractor of choice, pursuing excellence through dedication, experience and highly motivated employees. We aspire to be a company that our clients want to work with, and our employees are proud to work for. A company ready to embrace new opportunities and deliver exceptional value.

Our Core Values

STAFF

Our talented professionals and trained recruits from diverse backgrounds share our values of discipline, commitment and coordinated teamwork.

QUALITY

We provide outstanding service through teamwork, experience, accountability and innovation – all of which is reflected in the quality of our projects.

CONTINUOUS IMPROVEMENT

We cultivate an environment that supports and encourages continuous learning, development and personal growth.

SAFETY

We uphold a positive and proactive safety culture, to create a healthy work environment. We remain committed to protecting our colleagues and the public.

INNOVATION

We continually seek new and enterprising ways, whether technology or process-based, to meet our clients' needs and exceed their expectations.

ENVIRONMENT & SUSTAINABILITY

We strive to protect the environment by upholding effective and efficient environmental and sustainable practices.

Our Services

1. General Building Construction

a. Commercial

From Shopping Malls and Hotels to Office Buildings, Medical & Educational Institutions, we are proud to hold an extensive portfolio of commercial buildings having worked with both, large companies and smaller developers, to deliver a wide array of commercial properties.

b. Residential

Our portfolio represents modern, architect designed residences and historic home projects, of both modest and expansive scales - from apartment blocks and commercial residential estates to private maisonettes, bungalows or villas.

c. Modern Interiors and Fit-Outs

We have carried out interior fit-out work with renowned designers, architects and clients, combining functionality, economy and aesthetics.

We ensure that your ideas and designs are implemented into your space, with our capabilities and experience enabling both small and large scale fit-out projects to be carried out successfully.

d. Industrial and Civil

Being a versatile company, Bulkon Builders Ltd has vast experience in the construction, extensions and refurbishments of factories, warehouses and other industrial establishments.

e. Refurbishments

We handcraft our work to meet your expectations, working with you to plan, design and execute your renovation as you imagined it.

Our refurbishment expertise includes residences, hotels, commercial offices, warehouses and other establishments.

2. Design & Build, from Initial Sketches

We offer turnkey project delivery by bringing the planning, design, project management, cost management and construction of the project together, under one roof.

Clients benefit from value-engineering and pre-construction reviews, accelerated delivery, increased quality control, lower design and consultation fees, reduced owner risk and administrative responsibilities.
